Update of Air Navigation Technical Regulations Volume III Part 3 Meteorology and Part 4 Charts

To ensure the Bahrain Civil Aviation Affairs has the most up to date regulatory system and continues to meet its regulatory responsibilities to the highest standard, the above named Regulations have been updated in order to reflect the latest ICAO and international standards, in line with the Kingdom's requirements.

The update of these ANTRs will:

1. Translate the current versions of Annexes 3 and 4 of the Chicago Convention into national Regulations;

The attached Notice of Proposed Amendments (NPA) continues the process of formal public consultation on these proposed updates.

Your review of the NPA 02/18 and your timely response by 20th August 2018 would be most appreciated.

Husain Ahmed Al Shuail

Asst. Undersecretary for Safety and Aviation Security
