Directive No. STCW/12

ISSUE OF BAHRAIN SEAMAN'S RECORD BOOK

Issued under the enabling power of the Ministerial Resolution 6/2001
and including STCW 2010 Manila Amendments

1. Purpose

The purpose of this Directive is to explain all about Seaman's Record Book (SRB), sometimes referred to as a Seaman's Book or Discharge Book or Continuous Discharge Certificate (CDC) – what purpose it serves, who needs it and how to apply for it.

2. General

The purpose of SRB is to record and show in a consolidated manner the record of sea-service performed by the individual seafarer. This may also be recorded in a similar book issued in another State provided they have no objection to recording of services performed on vessels under other flags. In the absence of any record book the seafarer may request the employer to give a Discharge Certificate on a company printed letter-head with seal or stamp of the ship showing the capacity and the period served on the ship with particulars of the ship (IMO Number, GT and Propelling Power in kW). This will serve the purpose of the requirement of ILO Convention No.22.

Although not mandatory, the Bahrain SRB has been produced in response to demand from industry bodies and individuals for a consolidated record of sea-service/ discharge.

The SRB may contain lot of information relating to the seafarer it belongs to but it should still not be considered as an Identity Document (ID) under ILO Convention 185. A seafarer's identity document should be issued by the seafarer's country of origin/ nationality. However, seafarers are strongly advised to have an international passport from their country of nationality as this is the only internationally accepted travel document.

A Bahraini SRB is primarily issued to record services performed on Bahrain registered ships. However, services performed by the holder on ships registered elsewhere may also be recorded provided the first entry relates to service on a Bahraini ship.

The SRB is not used for testimonial of sea-service relating to the character and ability of the seafarer. That information should be recorded and issued separately in a "Testimonial" or "Report of Conduct" or similar document.

3. Who can apply

All Bahraini seafarers (regardless of the flag/ registry of the ship) may apply for a Bahraini SRB.

All seafarers (irrespective of nationality) serving on a Bahrain registered ship may apply for Bahrain SRB.

4. How to apply:

The company or its agents shall submit the application in specified form with necessary fees. The first part of the application must be completed and signed by the seafarer.

For the purpose of identification and verification, it is essential that a copy of the seafarer's passport showing identical picture is enclosed.

5. Other requirement

There must be proof/evidence of the seafarer being already employed or to be employed on a Bahraini ship.

Copies of certificates and training documents relating to the capacity must be enclosed.

For those being employed for the first time on a ship, applications must be accompanied by certificate of medical fitness and certificate of Basic Training. For crew joining in capacities not recognized or identified in STCW convention, a letter of intent must be issued by the company to give Familiarization Training prior to joining the ship.

6. Additional notes

The issue of a SRB to a person to be signed on in a capacity other than those identified in the IMO-STCW or other ILO Conventions, will be at the discretion of the PMA.

Where it relates to the employment on a Bahraini ship, full particulars of the ship and the capacity in which the seafarer will serve must be given.

Two passport size photographs of the seafarer (3.5 cm x 4.5 cm), resembling those appearing in the Identity Document or Passport must also be enclosed.

7. Where to send

Completed forms with supporting documents, fees and photographs should be sent to:

Registrar of Ships & Seamen
Ports and Maritime Affairs
Building 702, Road 1510, Hidd 115
P.O. Box-75315
Manama, Kingdom of Bahrain

8. Revision history:

Revision No. 2 of the present Directive supersedes the Directives Number 13, which was published by the President of Customs and Ports on 24th October 2001.

Hassan Ali Al Majed

Undersecretary for Ports and Maritime Affairs

16th August 2016

ANNEX – 1

PORTS and MARITIME AFFAIRS

 APPLICATION FOR
BAHRAIN SEAMAN'S RECORD BOOK

PART I : To be completed by the Seafarer

Name (Family / Surname):
Given / Other names:
Nationality:
