## executive summary →

Over 7.3 million passengers passed through the Bahrain International Airport in 2007, an increase of 9% over 2006. Passenger growth since 1998 has averaged 8% per year.

Both arriving and departing passengers increased by 7% compared to 2006. Transfer passengers reached 3,302,019, up 13% whilst transit passengers increased to 336,410. Contributing factors were the increase in frequency by established carriers, rescheduling of Gulf Air services concentrating on single hub operations and the addition of the services introduced by new operators.

Total cargo handled through the airport reached 399,647 tonnes with 44,556 tonnes of mail. Discharged cargo at 192,658 tonnes was up by 1% on 2006 whilst cargo uplifted significantly increased by 20% to 148,972 tonnes. Uplifted cargo included cargo transhipped by DHL supporting the reconstruction of Iraq and Afghanistan through Bahrain. Furthermore DHL Aviation's decision to base its Eastern Europe, Middle East and Africa Regional Office and operations in Bahrain will further consolidate this growth in the future.

Intra GCC, Middle East, Indian Subcontinent and Far East routes continued to provide the strongest growth with Dubai providing the largest volume at 875,617 passengers, up 6%. This significant growth reflected the increased requirements for expatriate labour to support the demands of a boom in construction and infrastructure projects in both the Kingdom and in the Gulf Region.

Aircraft movements at the airport reached 87,417, 9% above 2006 and have grown by an average of 5% per year since 1998.

Indications for 2008 suggest a continuation of the strong growth experienced in 2007 as a result of the continued rise in the price of oil supporting major government and private sector infrastructure investment in the Region.

I should like to express my sincere thanks to His Excellency Sheikh Ali bin Khalifa Al Khalifa, Deputy Prime Minister for his guidance and support during the year. I should also like to extend my gratitude to all those involved with Civil Aviation Affairs and the various agencies and organizations at Bahrain International Airport for their contribution to this exceptional performance.

Capt. AbdulRahman Mohamed Al Gaoud  
UNDERSECRETARY FOR CIVIL AVIATION AFFAIRS
