### **IN THIS ISSUE**

#### **Update of Air Navigation Technical Regulations Volume III Part 15 Aeronautical Information Services**

To ensure the Bahrain Civil Aviation Affairs has the most up to date regulatory system and continues to meet its regulatory responsibilities to the highest standard, the above named Regulation has been updated in order to reflect the latest ICAO and international standards, in line with the Kingdom's requirements.

The update of these ANTR will:

1. Translate the current version of Annex 15 of the Chicago Convention (Amendment 40) into national Regulations;

The attached Notice of Proposed Amendments (NPA) continues the process of formal public consultation on these proposed updates.

Your review of the NPA and your timely response by 17<sup>th</sup> November 2018 would be most appreciated.
