

## **August 1<sup>st</sup> 2018 Deadline: Crossing of Trucks Registered with Orange License Plates across King Fahd Causeway**

The Ministry of Transportation and Telecommunications has observed that unlicensed trucks are transporting goods across the King Fahd Causeway. These trucks belong to companies and establishments that do not have the appropriate license for this activity, "International Transport of Goods" and their trucks are registered with orange license plate numbers.

In accordance with the Ministry's directives to develop and regulate the activities of the land transport sector, including the activity of "International Transport of Goods", these companies have to apply for the issuance of the "International Transport of Goods" license and to change all the trucks registered with orange license plate numbers to yellow license plate numbers.

Effective 1<sup>st</sup> August 2018, all companies without the appropriate license will be prevented from crossing the Causeway to reduce the illegal violations practiced by the companies and individual establishments, in accordance with the procedures of the Ministry of Transportations and Telecommunications.

Questions regarding the new regulations can be directed to the Land Transportation Monitoring & Enforcement Directorate and to the Land Transportation Regulation Directorate at 17-337874.
